Education

Poornima University

Bachelor of Technology in Computer Science — **CGPA: 9.1/10**

August 2023 –Present

Jaipur, Rajasthan

Technical Skills

- **Languages:** Java, C++, JavaScript, SQL
- **Libraries/Frameworks/Databases:** Spring Boot, Spring Security, JWT, MySQL, MongoDB, React.js
- **Skills:** Backend Development, API Design & Authentication Systems, Data Structures & Algorithm
- **Developer Tools:** Git, VS Code, Vim, Postman, IntelliJ IDEA

Projects

LeetHost

August 2025

Java, Spring boot, SQL

- Built a Spring Boot backend integrating LeetCode GraphQL/REST APIs, processing 3k+ problem records.
- Implemented secure user verification workflow with timed expiry, CSRF handling, Elo based rating calculation and MySQL persistence.
- Optimized command pipeline for <100ms average latency across ~20 active users/testers.
- Demo: [LeetHost](#)

OTP Authentication System

December 2024

Spring Boot, Spring Security, JavaMailSender, JWT, MySQL

- Built a secure email-based authentication system with verification links and JWT-based login.
- Implemented password reset + account verification flows with time-bound tokens for improved security.
- Achieved email delivery times under 2–3 seconds using optimized SMTP configurations.
- Enhanced reliability with BCrypt hashing, token expiry logic, and request-level validation.
- GitHub: [OTP Authentication System Repository](#)

Achievements

- Secured **1st Place** among 100+ participants in the College CodeContest, outperforming a competitive cohort of top-tier programmers.
- Ranked in the **top 1.98%** globally on LeetCode, with rating of **2000+ (Knight)** with multiple under **200 AIR** in contests.
- Achieved a **Specialist rating of 1413** on Codeforces in just 12 contests, ranked **Top 4.8% in India** with **AIR 211** in Codeforces Round 1062, beating over 35k+ participants.
- Earned a **3-star rating (1628)** on CodeChef, placing among the **top 3.2%** of over 230,000 active users.
- Stood **237th globally** in CodeChef Round 202, distinguishing myself among a vast pool of international participants.
- Solved over **1300+** DSA problems across platforms: [LeetCode](#), [Codeforces](#), [CodeChef](#), [GFG](#).

Positions of Responsibility

- Led backend-focused teams in multiple university and online hackathons.
- Contributed to open-source projects during GSSOC 2024–25, focusing on code quality.
- Managing and building LCarena discord server for my bot with over 50+ members.
