EDUCATION

Poornima University

Bachelor of Technology in Computer Science - CGPA: 9.1/10

Jaipur, Rajasthan

Aug. 20203 – May 2027

TECHNICAL SKILLS

Languages: Java, SQL, C++

Backend: Spring Boot, Spring Security, JWT, REST APIs, GraphQL

Core CS: Data Structures & Algorithms, Concurrency, Performance Optimization

Databases: MySQL, MongoDB

Developer Tools: Git, IntelliJ IDEA, Postman, VS Code, Vim

PROJECTS

LeetHost | *Java, Spring Boot, SQL* | [GitHub](#)

Apr. 2025 – Aug. 2025

- Built a concurrent Spring Boot backend integrating LeetCode GraphQL and REST APIs to process 3k+ problem records
- Implemented secure authentication using JWT, email verification, CSRF protection, and timed token expiry
- Designed an Elo-based rating system with persistent storage and relational modeling in MySQL
- Optimized asynchronous request handling to achieve <100ms latency across ~20 concurrent users

OTP Authentication System | *Java, Spring Boot, Spring Security, MySQL* | [GitHub](#)

Dec. 2024

- Built an email-based authentication service with JWT-based login
- Implemented account verification and password reset workflows using time-bound tokens
- Optimized SMTP configuration to achieve 2–3 second email delivery latency
- Improved system security using BCrypt hashing and request-level validation

Vector Database Engine | *C++* | [GitHub](#)

Aug. 2024 – Dec. 2024

- Implemented a vector similarity search engine in C++ supporting high-dimensional embeddings
- Designed a configurable k-NN query pipeline with modular distance computation
- Handled datasets with 10k+ vectors and dimensions up to 1k using memory-efficient data layouts
- Applied centroid-based clustering to prune irrelevant candidates, reducing average query scan size by 60–70%

ACHIEVEMENTS

Competitive Programming & Problem Solving

[LeetCode](#) | [Codeforces](#) | [CodeChef](#)

- Ranked in the top 1.98% globally on LeetCode with a rating of 2000+ (Knight)
- Specialist (1413) on Codeforces in just 12 contests; AIR 211 in Codeforces Round 1062
- 3-star (1628) on CodeChef; placed in the top 3.2% of active users
- Solved 1500+ algorithmic problems across LeetCode, CSES, Codeforces, CodeChef, GFG, etc.
- Secured 1st place among 100+ participants in a college-level CodeContest
- Semi-finalist at RCAT Rajasthan State-Level Tech Quiz

POSITIONS OF RESPONSIBILITY

Team Lead / Contributor

Hackathons and Open Source

- Led development-focused teams in multiple university and online hackathons
- Contributed to open-source projects during GSSOC 2024–25 with focus on code quality
- Managed and maintained a developer community for a Discord bot with 50+ members
